

WWS Tech Crew

What is it? Tech Crew members work behind-the-scenes on Tiger Theatre productions. We run the lights and sound, build the scenery, manage props, and more! We also help with lighting and sound for concerts and special events.

Who can join? Any WWS student is welcome, and may join at any time of the year.

What's the schedule? You can work on one show during the year, all four shows, or anything in between. The few weeks before a show, plan to be at Tech every day. Between shows, we meet once or twice a week.

When do we start? The first show for the 2015-2016 school year will be the Children's Theatre production, starting early September.

Meanwhile, 8th graders can get a taste of what Tech Crew is like by assisting with the WWS Spring Musical!

(See information on our Spring Apprentice Program.)
